U.S. exports to the UK were valued at \$ 53.5 billion in 2008, increasing 7.25% from 2007. The UK is the United States' sixth largest export destination.

The UK ranks as Virginia's 2<sup>nd</sup> largest export destination, growing 6.69% in 2008 to \$2.69 billion.

*“ VEDP has been and continues to be a key partner in our successful international sales.”*

The UK attracts US exporters due to common legal and business practices. The UK and US have similar intellectual property rights and relatively low rates of taxation and inflation. The UK is a frequently-used point of entry to the European Union market.
