Why Brazil?

The United States exported over \$35 billion in goods to Brazil in 2010 of which over \$643 million was from Virginia. Brazil ranked as Virginia's 7th largest export destination in 2010. The upcoming 2014 soccer World Cup, being held in Brazil, will increase demand for security equipment and services, infrastructure development (especially stadium design and modifications), and IT equipment and services. Brazil enjoys a growing middle class, growing internet usage, and increasing internal demand for goods and services
