# Africa Endeavor 2024

**July 29–31, 2024  |  Livingstone, Zambia**

**Registration Deadline  |  May 31, 2024**

Each year NCSI produces over 100 tabletop technology expos at U.S. Department of Defense and Intelligence and Federal Agency locations around the world. Hosted by the U.S. Africa Command, Africa Endeavor is a pan-African symposium focused on enhancing communications and cybersecurity capabilities while strengthening partnerships among attendees. The 2023 edition of the symposium was attended by 24 African nations, plus an additional six organizations, including U.S. Cyber Command.

"

This event was the perfect location, time, and event to help my company break into the Africa defense market. The excellent location we had during the expo along with VEDP's connections at the event postured us well. There are intangible benefits to working with the VEDP that became apparent at the event. My company looks forward to working with them in the future.

Trade Show, Africa Endeavor
