TRADE MISSION

Argentina

May 10–14, 2027

Registration Deadline | March 5, 2027

Argentina is the third-largest economy in Latin America, with a GDP of $620B in 2024 and a population of 47M. Argentina has abundant natural resources in agriculture, energy, and mining, and is considered a major leader in international markets due to its longstanding reputation as an agro-exporter country.

Since December 2023, Argentina has embarked on a comprehensive transition toward a more liberalized economy. The administration is implementing an ambitious program focused on lowering inflation and driving sustainable economic growth, including the simplification of import regulations. U.S. exports to Argentina amounted to $9B in 2024, and Virginia's exports to Argentina were valued at $77M in 2024. The top opportunities for Virginia exporters in Argentina include:

- Agricultural Sectors
- Information and Communications Technology
- Infrastructure/Construction
- Medical Products
- Mining
- Oil & Gas
- Renewable Energy

Registration

Register and pay the trade mission fee online by visiting https://argentina-trade-mission-2027.eventbrite.com.

"The trade mission was a great chance to strengthen and expand relationships with existing customers and to talk to potential new customers and distributors. We hope to see our export sales grow over the next 2-3 years because of the stronger connections.
